

Kirami Kirami FinVision -sauna Original

Harvia cilindro xe 9kw Softwood Rustic Gray, Deep Gray softwood

Kirami's FinVision -sauna shows the high-class finish of a master craftsman. The sauna is already surface-treated; it is made out of plain sawn softwood and spruce plywood. The interior of the cosy sauna invites you to relax. Thanks to the large glass elements, you can always enjoy the feeling of being close to nature.

The sauna is roomy yet compact. The surface area of the sauna is 5.3 m² and the building is roughly 2.6 metres tall. The sauna has been designed for 4–6 people, which makes it perfect for both small and large groups.

The light grey sauna benches and the dark interior walls create a beautiful contrast. The benches are easy to lift up for cleaning and maintenance. The LED lights underneath the benches create a cosy atmosphere.

The large window gives the sauna a more spacious feel. The window is made of smoky grey tempered glass, which increases the sauna's energy efficiency. The grey glass door is equipped with a magnetic lock that ensures smooth opening and closing and secures the door. The round door handle is made of thuja and bears the Kirami logo. The standard option has a right-handed door on the right side of the sauna. You may opt for a left-handed door on the left side of the sauna. Please request such customisation when placing the order.

The exterior of the sauna is made of Finnish rustic grey softwood. The staggered, plain sawn exterior boards give the sauna a lively look.

The interior walls of the sauna are made of deep grey Finnish softwood. The sauna's warm and dim atmosphere helps you relax both physically and mentally.

The sauna is equipped with an electrically heated Harvia Cilindro Black Steel XE 9kW heater. Harvia Cilindro Black Steel is a modern black electric sauna heater that can be controlled from a digital control panel. The large stone capacity guarantees a smooth and relaxing experience in a medium-sized sauna. The number of stones recommended for Harvia Cilindro is five boxes of small stones.

The stylish wall-mounted Xenio touch panel makes heating the sauna effortless. Your sauna is always ready exactly when you need it. The touch panel is easy to detach and reinstall on the sauna walls.

The elegant control panel makes operating the sauna heater easy. The sauna is ready just when you need it.?
